Art Unit: 3652

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 1-9, 11-20, and 22-25 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claims 1, 13, and 22, the phrase "and the like" renders the claims indefinite because the claims include elements not actually disclosed (those encompassed by "and the like"), thereby rendering the scope of the claims unascertainable. See MPEP § 2173.05(d).

Throughout the claims, the various recitations of "stored", "working", and "non-working" positions of various elements are confusing and unclear. For example, in claim 1, lines 7-10, it is recited that the support leg assembly is "adapted to be moved between working and non-working positions of the ramp". It is not clear what this means. How can the support leg be moved between different positions of another element? Also in claim 1, line 25, it is not clear if the recitation of "a working position" is the same working position set forth in line 10, and if not, in what manner it differs.

Similar situations are noted in claim 3, line 4, claim 4, line 6, claim 5, line 7, claim 13, line 14, claim 15, line 6, claim 16, lines 6-8, claim 17, lines 7-8, and claim 22, lines 9-12 and 15.

3. Claims 1-9, 11-20, and 22-25, as best understood, would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, second paragraph, set forth in this Office action.

4. Applicant's arguments with respect to claims 1-9, 11-20, and 22-25 have been considered but are moot in view of the new ground(s) of rejection.

5. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
